

2024–2025 ELabNYC Bioscience Entrepreneur Schedule

Sales & B.D. Masterclass **September 18–19, 2024** **West End Labs, NYC**

For ventures seeking growth and profitability strategies to sell to customers and corporate partners, bootstrap or recruit new team members.

R & D Masterclass **February 11, 2025** **Innolabs, NYC**

This one-day course features pharma sharing their approach to R&D processes to inform and assist not only attendees own R&D efforts but also the timing and manner of their outreach to investors and pharma. Learn how to plan go-no go decision points that align with investment

ABCT & WCBA Pitch Day 2025 **May 8, NYC**

Presentations by founders of next generation biosciences ventures seeking to raise awareness, secure funding, resources and partnerships. Join investors, corporate sponsors and members of the life sciences ecosystem to celebrate the community.

Clinical Trials Masterclass **March 12–13, 2025**

Learn from two tracks: 1) Introduction to Clinical Trials for first time clinical trial ventures. Develop a clinical trial plan. Leave with IRB, budget, timelines, and team templates to plan clinical trials 2) Best practices to achieve DEI including technology and community engagement.

Due Diligence Masterclass **June 11–12, 2025**

Attendees seeking to close pre seed, seed or Series A will gain templates including due diligence checklists, time frames, investor goals, expectations for 1st meeting & next steps. Two tracks: PreSeed/Seed, & Series A.

Attend in-person or via Zoom.

Registration opens 6 weeks
prior to program.
